How we use cookies on our platform

Last updated: 11 October 2026 · Version 1.2

## 1. What are cookies?

Cookies are small text files stored on your device when you visit a website. They are used to make the site work correctly, remember your preferences and analyse how it is used.

## 2. Cookies we use

| Cookie            | Type      | Purpose                                         | Duration         | Consent      |
|-------------------|-----------|-------------------------------------------------|------------------|--------------|
| sb-* (Supabase)   | Essential | Authentication session management               | Session / 7 days | Not required |
| cc-cookie-consent | Essential | Save your cookie preference                     | 1 year           | Not required |
| cc-lang           | Essential | Save your language preference                   | Permanent        | Not required |
| PostHog (ph_*)    | Analytics | Anonymous usage analysis to improve the service | 1 year           | Consent      |

## 3. Essential cookies

Essential cookies are necessary for the application to function correctly. Without them you would not be able to log in or maintain your session. They do not require your consent under Article 5.3 of the ePrivacy Directive.

## 4. Analytics cookies (PostHog)

---

We use PostHog EU to understand how the application is used and improve the user experience. These cookies are **disabled by default** and only activate if you give explicit consent via the cookie banner.

PostHog is configured in privacy mode: data is pseudonymised and hosted exclusively on European Union servers (eu.posthog.com).

## 5. How to manage your cookies

---

You can change your cookie preferences at any time:

 **From this page:** Click the button below to manage your analytics consent.
